Lost Voices

**£8 UK
£11 Europe
£13 Outside Europe**

Lost Voices' is primarily written by people affected by severe ME- whether as sufferers, carers or families - those very severely affected - house-bound or bed-bound - are represented. The book is a high-quality, A4 landscape size with a laminated card cover with pictures, mostly in colour, and provides an opportunity for people who are usually invisible and unheard to speak for themselves.
