Dear Ms McCall

Thank you very much indeed for contacting Rt Hon David Cameron MP expressing your concerns over funding for biomedical research and the provision of treatment for people with ME. David has asked me to reply as I am the Shadow Health Minister responsible for this area of policy.

My colleagues and I in the Shadow Health team are in the process of writing up health policy on long term conditions and therefore it is difficult to comment on the future provision of treatment for people with ME.

Please rest assured that your comments are very important as we continue to develop and roll-out policy ahead of the next General Election.

Best wishes

Ae.

Anne Milton MP
Shadow Minister for Health
