#IIMEC17 ME Conference Videos

We have published the videos from our #IIMEC17 conference - 17th Invest in ME Research International ME Conference in May. All of the videos from the presenters are available for free on our web site.

[Click here for the #IIMEC17 page containing the video links](#)

Conference Week Notes

We also made a few notes about events in and around our International ME Conference Week in May.

These events included our researchers' Colloquium (our fourteenth and the most successful yet with numerous collaborations and initiatives being formed), the latest Young EMERG early career researcher workshop and the EMERG meetings - including one with NIH.

Young EMERG

The Young EMERG group will shortly produce feedback from the Young EMERG SPARK ME workshop for early career researchers held during conference week.

liMER are hoping to arrange more workshops in Europe over the next 18 months in order to expand and augment the network. This will include next year's SPARK ME workshop at Hinxton Hall, Cambridge.

International ME Conference Week 2026

20 years of international ME research

A reminder of our 2026 International Conference Week events - 25 - 29 May 2026. This will be our twentieth year as a charity.

More information will be present on our overview page of Conference Week events 25-29 May 2026

Jane Hurst Photo-cards

Jane Hurst has been raising awareness and funds for liMER for many years with her photo-cards. Jane now has more beautiful nature cards available, with all of the photos featured in the cards taken by people with ME or their carers. If you are looking for a wonderful mix of flowers, landscapes & animals then please support liMER and Jane's efforts.

The cards are printed on top quality card and showcase the beauty of nature, serving as perfect gifts as well as ideal greeting cards.

Email Jane at: janelhurst99@gmail.com stating if you'd like 'Pack 1' (above) or 'Pack 2' (below).

Invest in ME Research is a charity of volunteers - but working continuously to improve the research, treatment and perception of myalgic encephalomyelitis (ME). We welcome support to continue our efforts to advance research and European and international collaboration into this disease.
