

# The 14<sup>th</sup> IIMER International ME Conference 2019

## CONFERENCE PROGRAMME

**#IIMEC14 31<sup>st</sup> May 2019**

Start	Presentation	Presenter
07.45	<b>Registration</b>	
08.45	IIMER	Opening
09:00	#InvestinMEResearch	Dr Ian Gibson
09:10	CDC update	Dr Elizabeth Unger
09:25	NIH Update	Dr Vicky Whittemore
09:45	Immune Dysregulation in ME/CFS	Professor Maureen Hanson
10.10	Fingerprinting the Phenotypes of ME/CFS Along the Gut-Immune-Brain Axis	Assoc. Professor Mady Hornig
10:35	<b>Refreshments Break</b>	
11:05	Transient receptor potential ion channels in the aetiology and pathomechanism of CFS/ME	Professor Don Staines
11:30	Pathophysiological Basis of Fibromyalgia	Dr David Andersson
11:55	Characteristics and pathophysiologic changes in a large cohort of Danish ME-patients.	Dr Jesper Mehlsen
12.20	<b>Lunch</b>	
13.20	Anne Örtegren Memorial Lecture: Pain and ME/CFS	Professor Stuart Bevan
13:45	Developments at Quadram Institute	Professor Simon Carding
14:05	Rituximab in ME/CFS: a randomised, double-blind and placebo-controlled trial	Dr Oystein Fluge
14.30	Metabolic profiling and associations to clinical data in ME	Professor Karl Johan Tronstad
14:55	<b>Refreshments Break</b>	
15:25	Integrative Medicine Approach to Treatment of ME	Professor Nancy Klimas
15:50	Harvard Plans for Clinical Research	Dr Ron Tompkins
16:10	Physiological and fMRI measures before and after symptom provocation by invasive cardiopulmonary exercise testing	Dr Michael VanElzakker
16:35	Establishing new mechanistic and diagnostic paradigms for ME/CFS	Professor Ron Davis
17:10	Plenary Session	Panel discussion
17.30	<b>Adjourn</b>
